Volume 1 is a key resource for R&D managers, product developers, and health professionals on permitted health claims foods and ingredients in the European Union.

- ⇒ Provides a comprehensive overview of foods and food substances that have achieved approved health claims in Europe under Regulation EC 1924/2006
- ⇒ Covers properties and applications of each ingredient, as well as evidence for the health claim and how it benefits consumers
- ⇒ Outlines the importance of each claim in product development and marketing and regulatory issues such as conditions of use

Volume 2 covers EU health claims under the European Regulation EC 1924/2006 that have subsequently been approved, looking at the properties and applications of each ingredient, evidence for the claimed health benefits and use in product development.

- ⇒ Building on volume 1, this title ensures that the area of EU health claims in food is comprehensively covered
- ⇒ Chapters are devoted to individual food ingredients and substances, covering the range of issues related to health claims
- ⇒ Health-promoting products are an increasing consumer trend in product development and this book provides key information on these advances
